SCHILLINGS' BLOCK. Saless, June 23, 1858. 200

From the New York Herald

"While the public are rejaiding at the consummation of faying the telegraphic cable, it is a source for of laying the telegraphic cours, it is great punished in purely of American origin. The Atlantic be builtered Sebastopul at 6 o'clock this evening punished:

Not man. Telegraph enterprise was born in the dining room. f Cyrus W. Field. Gramercy park, in the city of Now York, one quiet evening in the early part of March, 1854. There were present Cyros W. Arthough the telegraph entirely around the world. There were present Cyros W. Samuel F. Then the philanthropic Mr. Blanchard will at once the should like the state of the foundaring of the march and it will reach that city October 27, so that the philanthropic Mr. Blanchard will be should like the six became advisable to use severy effort possible to recover it. It was source to be rable, and a general conversation encound the despatch that city October 27, so that the layer table, and a general conversation encound the despatch forewarned, forearmed." He was a portion of the content is communication between America and Europe evening ride, and France is not yet an orphan. feasible mode of accomplishing it was I heg leave to throw out these suggestions, in

The two Fields and Mr. White immediately promoded to New Foundland, to lay the matter beher the Legislature of that island, and to ask for a charter and other assistance. These three gen-March, 1854, and at once valled upon theGovernor who convoked the executive council the same day. bese genelemen appeared before them, and David dress. The Guvernor promised them an answer in answer was given to them in writing, that he world immediately send in a special message to the legislative assembly, then in ecesion, recommending them to pass an act of incorporation, with a guaranty of the interest on the company's bonds to the amount of £50,000 and a grant of Mr. ty square miles of land on the island of New oundland, to be selected by the company.

These terms being agreed upon, Mr. Cyrus W. Field returned two days after to New York, to \$t out the steamer Victoria for the use of the Company, and David Dudley Field and Chandler Vhite remained in New Foundland six weeks, to urge upon the Legislature the passage of the charter and grants. Mr. Field's ongent resouring and convincing arguments on the floor of the Assembly finally accomplished the desired result. During their sajuurn upon the island hospitalities and attentions were showered upon Mr. Field and Mr. White in the must lavish manner, by the officials and citizens of the place, who looked upon them as public benefactors. The charter was drawn by agid Dudley Field, and it was really using to his great legal ability and far-reaching sagacity that such advantages were therein secured as af terwards enabled his brother, Cyrus W. Field to calles the confidence and support of English capitaliets. Thus the hanpy conjunction in brothers-the comprehensive grasp of mind of the one and untiring energy and perseverence of the other-have as last brought about "the consumma-

The preamble of the charter recites, that "whereas it is deemed advisable to establish a line of telegraphic communication between America and Europe, by way of New Foundland," &c. therefore "be is enacted," &c.

E. M. Archibald, as present British Consul in New York, was then Attorney General of New oundland, and took a warm interest in the sub-

We have before us a copy of a New Foundland paper, published in April, 1854, giving an account of a hanques held in St Juhna on the necession of the passage of the above act. David Dudley Field presided, and Chandler White acted as Vice Presdent. A great number of speeches were made, and to show that the anticipations of that day have been realized, we give an extract from the

David Dudley Field said-The time will come. rentismen, when the first question throughout America will be, "whe is the news this morning from New Foundland ?"

On the return of Mesers Field and White to Now York, the 6th day of May, 1854 the Com-York, New Foundland and London Talegraph

It was under this act of incorporation that the line has been established from the eastern coast of New loundland to the United States, at the sole expense of the gentlemen above named.

In order to induce English expitaliets to contribute to the undertaking, it was thought expedient to incorporate a new company in England for the purpose of establishing the submarine line between Newfoundland and Ireland; and Mr. Cyrus

SIC VOS NON VOBIS.

ONLY A YEAL

BY MES. H. B. STOWN.

The following lines refer to the melancholy over, N. H., last summer :

One year ago-a ringing voice, A clear blue eye. And clostering curls of scnny bair, Too fair to die!

Ouly a year-no roice, no smile, No glance of eye, No clustering curls of golden bair, Fair but to die !

One year ago-what loves, what schemes Far into life! What joyous hopes, what high resolves,

The eilent picture on the wall, The buriel stone-Of all that beauty, life and joy, Remain alone

What generous strife !

One year-one year-one little year, And so much gone ! And yet the even for of life Mores camir on.

The grass grows green, the flowers bloom fair Above that head No sorrowing tint of leaf or spray Says be is dead.

No pages or bush of morry birds That sing above. Tells as how coldly sleeps below

The form we love.

Where hast thou been this year, belov'd ! What hast thou seen ? What visions fair, what glorious life, Where thou bast been

The veil ! the veil ! so thin, so strong, Twist us and thee : The mystic veil ! when shall it fall That we may see !

Not dead, not sleeping, not even gone ; But present still, And waiting for the coming hour Of God's sweet will.

Lord of the living and the dead ! Our Serior dear ; We lay in silence at thy feet This rad, sad year ! Axpovas, July 9, 1858.

# A STREET SCENE.

BY LYDIA MARIA CHILD.

The other day, as I came down Broome street. W. Field went in England and succeeded in organizing that company under the name of "The Atlantic Telegraph Company," the two companies hir ding themselves together by articles of agreement to operate in connection.

The public are familiar with the discourage sufficient refinement to prefer the tender and the Vandyck sent the following reply, which we pared "THE CAMES 16 SUCCESSFULLY LAID."-CYRUS W. her gentle heart! It was evidently the spontanety of the incident attracted attention. A group of gentlemen gradually collected round the organist, and ever as the tune ended, they bowed ressectfuliv towards the window, wared their hate and callhis hat; hearts were kindled, and the silver fell in In a minute, four or five dollars were cul-

## GREES THE DIVER

The New York Courier and Enquirer gives the following parrative of the descens of Green the Diver to the Atlantic, lying at the bottom of Labe Page, Oct. 28.—As the Emperor is riding on Erie. Poor Green his during was too several

Not many months since a remel was lost in guaranteed to him. Men will do more than "does become a man" for rich reward. To feed him thoughs to be by way of Newfountland, and it my humble way, and in the meantime await with air, a powerful pump, worked by six mee my humble way, and in the meantime await with was brought, and a buse doubly strengthened, was interest the progress of science. management could suggest were ready for his aid He was surrounded by intelligence and courage and humanity. He dared the deep water once, taice, seven times. The men at the break of the air pump arought with the might of earnest They fed the vital current to the be diver, and he had the overage to trust them. Their work was his breath. When he came up he First made an elaborate and powerful ad death by drowning, of a son of the author, as Han- told the gentleman that superintended the trial that the air at that depth, as the machinery forced it to him, crackled and hissed like the frying of had fal, and that every movement of the nump fell on down no more for me, said the kind hearted gent endowed and supported by the mass of citizens, leman who stood by him, as he came on deck though not more than one in a thousand enjoyed In the intensity of all his experience, this too dar their advantages. Hence the enlarged obligation ing man becought for the opportunity for another of the scholar showed that, in the Old World at trial. The gentleman refused, but the diver in least, he had always allied himself to the few who sisted on going for himself. He went, and re governed, as against the many who were governe No turned a paralysed man, and just holding to life of and uppressed because the former had quatrol now crawle along. The claret bottle at his girdle, of the institutions of learning, and managed them ourked tightly and empty, was filled when he according to their will. In this country, on the came back, though the cork was not disfurted, countrary, the scholar must ally him-elf with the The water had forced itself beyond the power of people. Heretofore, the mare scholar had rarely outk or glass.

### WEDDING BING OLOGY.

As most of our fair readers have a fourth finger, and that finger is liable to be called upon, or worth while to give "the distrine" on the subject: countenance to colleges in which the student was

have received such a token of honor and trust be ole for every musty old 'notion' rather than as a youd all its cofingers, both in Pagan and Chris' well cultivated and flourishing tree, radiant with tian times, has been variously interpreted. The foliage and pointing to heaven. The world's most common explanation is according to Sir The greatest men were not drawn from the ranks of mas Browns, "presuming therein that a particular her scholars. Moses was but a runnway slave, lar receel, norse, rein, or artery is conferred and Christ and Socrates were self taught and thereto from the heart, which direct rescular labored to make men think, not to elicit men's communication Browne shows to be anatomically worship. When Massachusetts wanted a man to
